Sponsorship Exclusivity Guidelines

Sponsorship of RMHRPS allows organizations to support the outstanding programs presented each year and receive exposure to the Colorado senior level HR community. Sponsorships are available at annual and individual event levels. Annual sponsorships are offered at several levels ("Society," "Participating," and "Associate"), and because RMHRPS often has multiple program sponsors for each program, annual sponsors are provided with the opportunity to be a named sponsor of an individual program including some exclusivity options as outlined below.

To ensure the spotlight shines brightest on our annual sponsors at their featured program, we offer Society, Participating and Associate sponsors exclusivity at the program they chose as their named program.

- Annual sponsors can name competitors that will not be allowed to be program sponsors, for that program only.
- Society sponsors may name three competitors, Participating sponsors may name two, and, Associate sponsors may name one.

General program sponsors will know of all other sponsors at the program they sponsor and will have exclusivity with their program sponsorship as well through review and approval of other program sponsors of their key competitors when we have more than one sponsor for a program. This is granted on a first-come, first-served, first-confirmed basis.
